**Collection of recoverable costs associated with late resignations.** 10 days after the return of a signed, finalized contract, the Board of Education may consider resignation of a teacher. If the release is granted at the employee's request, liquidated damages may be assessed according to the following schedule if the resignation is not related to specified conditions dictated in Board Policy GCPB: After return of signed finalized contract before July 1st = 7% of contracted salary - July 1st to July 15th = 9% of contracted salary - July 15th to July 31st = 11% of contracted salary - August 1st to August 15th = 13% of contracted salary - August 16th to 1st day of contract = 15% of contracted salary - After 1st contract day = 18% of contracted salary. If conflict in percentages arises, the smaller of the two percentages in question will be utilized to assess damages. Payment of liquidated damages must be made, or a payment arranged, before the resignation will be accepted by the Board of Education. 6/03.
